Customer shall not falsely declare the value of consignments with intrinsic value above EUR 150.
- b. Customer is prohibited from conducting any activities in EU that may give rise to any VAT

Obligations that are not reported to Avalara, or that may give rise to any other form of tax representation not agreed to by Avalara. If, at any time during the Term Customer becomes aware of any such prohibited activities that may require another form of tax representation, Customer shall immediately notify Avalara in writing. Avalara will determine the form and amount of security necessary in its discretion and may require security to be made in the form of one or more payments made to Third-Party PSP or to Avalara pursuant to Section 3(d)(i), or a first demand bank guarantee, in form and in amounts Avalara determines to be appropriate in its discretion. If requested by Avalara, Customer shall provide Avalara with such additional security as Avalara deems appropriate in its discretion, taking into account Avalara's potential liabilities.

Any such activities Avalara undertakes, and any related VAT Obligations that arise, will be at Customer's expense and risk.
- g. Prior to acceptance of these IOSS Intermediary Terms and at all times thereafter upon request, Customer shall provide all information requested by Avalara (or, if applicable, a third-party subcontractor engaged by Avalara for this purpose (a "**Screeener**")) regarding Customer's legal existence, equity owners and other affiliated persons, and otherwise related to its operations or circumstances, to conduct "know your customer," anti-money laundering, customer suitability, tax information exchange requirements or related checks or inquiries based on Avalara's legal and regulatory obligations or commercial considerations ("**Background Screen**"). Customer expressly authorizes all such activities and shall provide additional information and otherwise cooperate with Avalara or the Screeener in connection with the Background Screen. If Customer provides any information related to its Background Screen directly to the Screeener, Customer expressly authorizes Avalara to receive, obtain copies of, transmit to its Affiliates and third parties for processing, and use such information and data from the Screeener and

any analyses, conclusions or assessments made by the Screener in connection with such Background Screen as Avalara determines to be appropriate. Avalara may, in its discretion, elect not to provide Customer with, or terminate, Avalara IOSS Intermediary and related Services due to the results of the Background Screen or Customer's failure to timely provide the information requested by Avalara or the Screener for the Background Screen; provided that if Avalara elects not to provide or terminates Avalara IOSS Intermediary under this Section 5(g), Avalara will not refund any prepaid unused fees related to Avalara IOSS Intermediary. After termination of Avalara IOSS Intermediary, Customer shall continue to have the obligation, pursuant to Section 7, to cooperate in every way and, if so required, to provide all documents, information, and data concerning the activities carried out under these IOSS Intermediary Terms for 10 years following the end of the year in which the supply was carried out, as required by Article 63c of Council Implementing Regulation (EU) No 2019/2026. Such records should be made available electronically upon the request of EU member states and may be submitted to the EU member states concerned using a standard form.
